"Let us not debate over matters of righteousness.
What we should be discussing is how to triumph over our enemy."

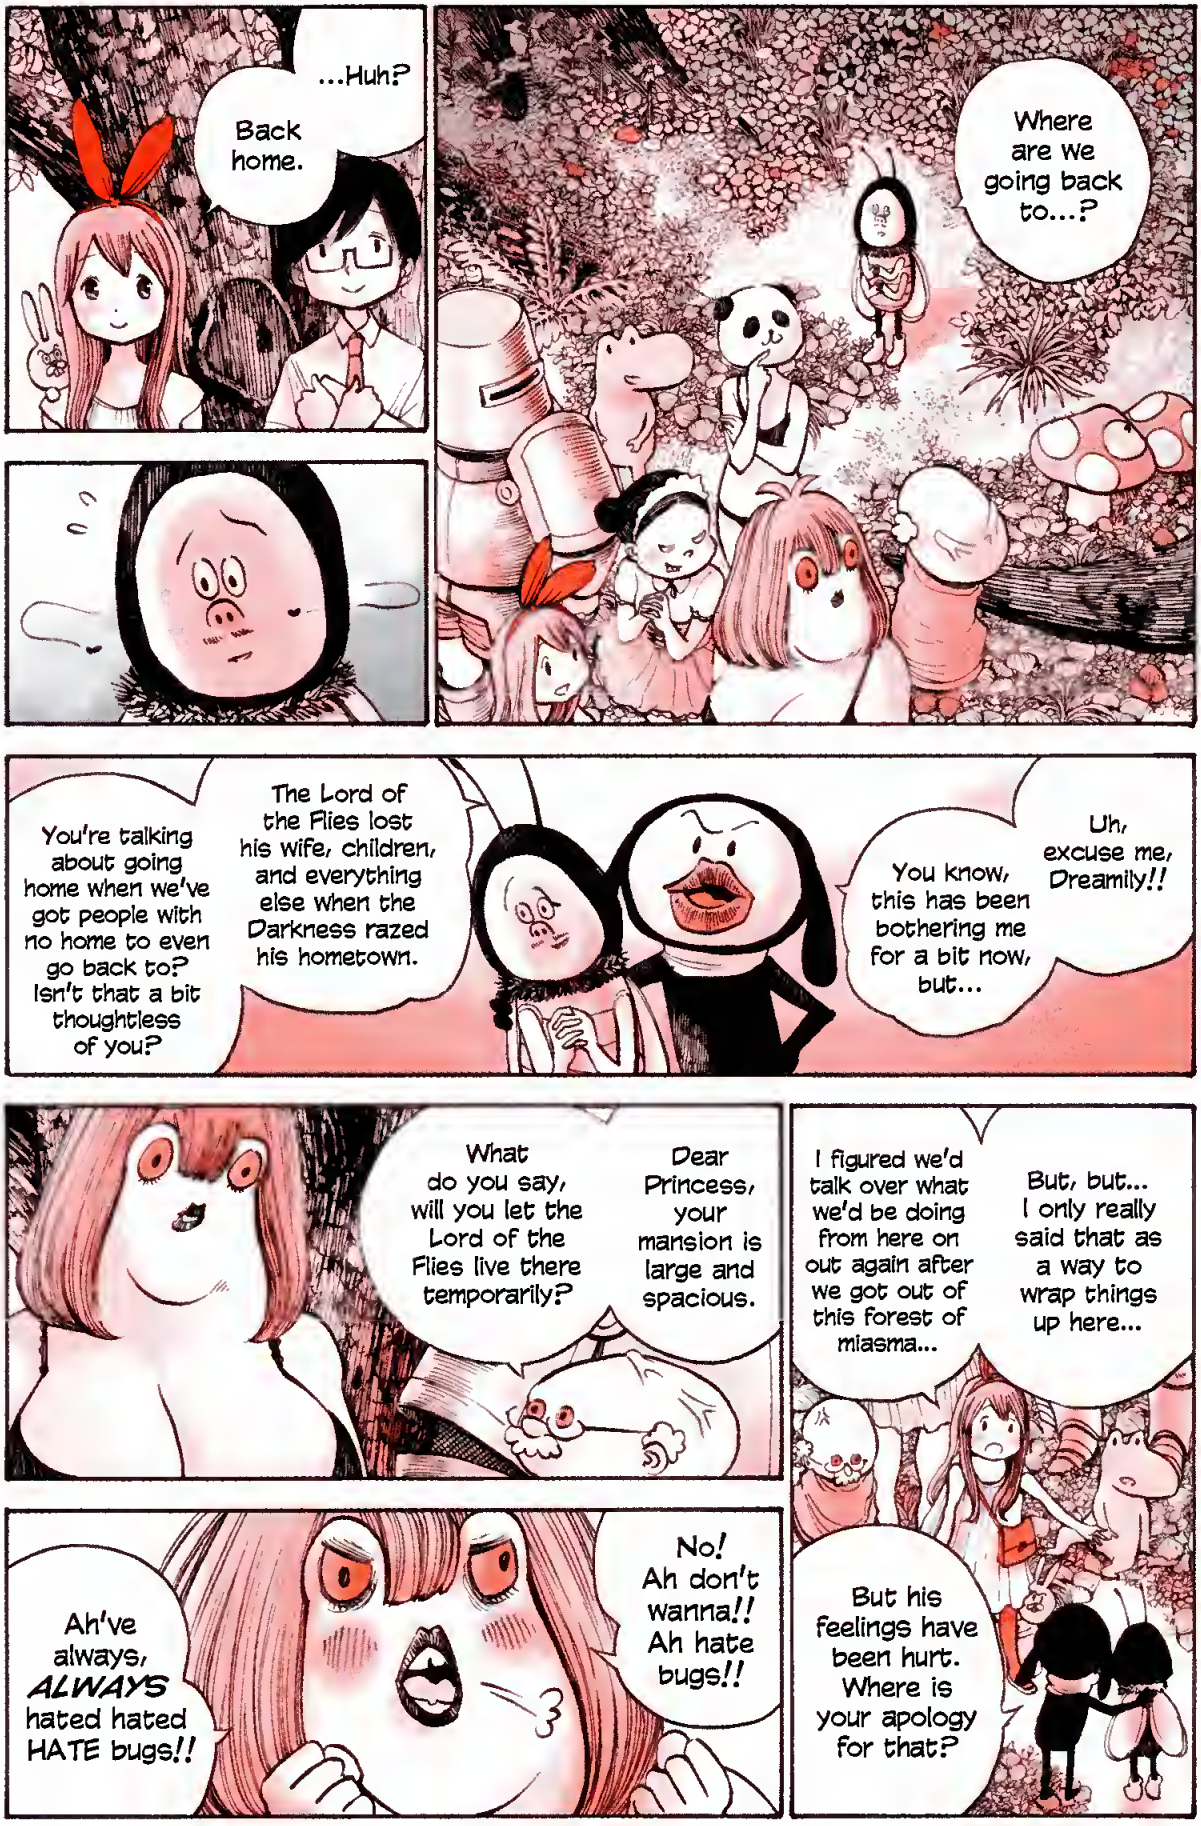
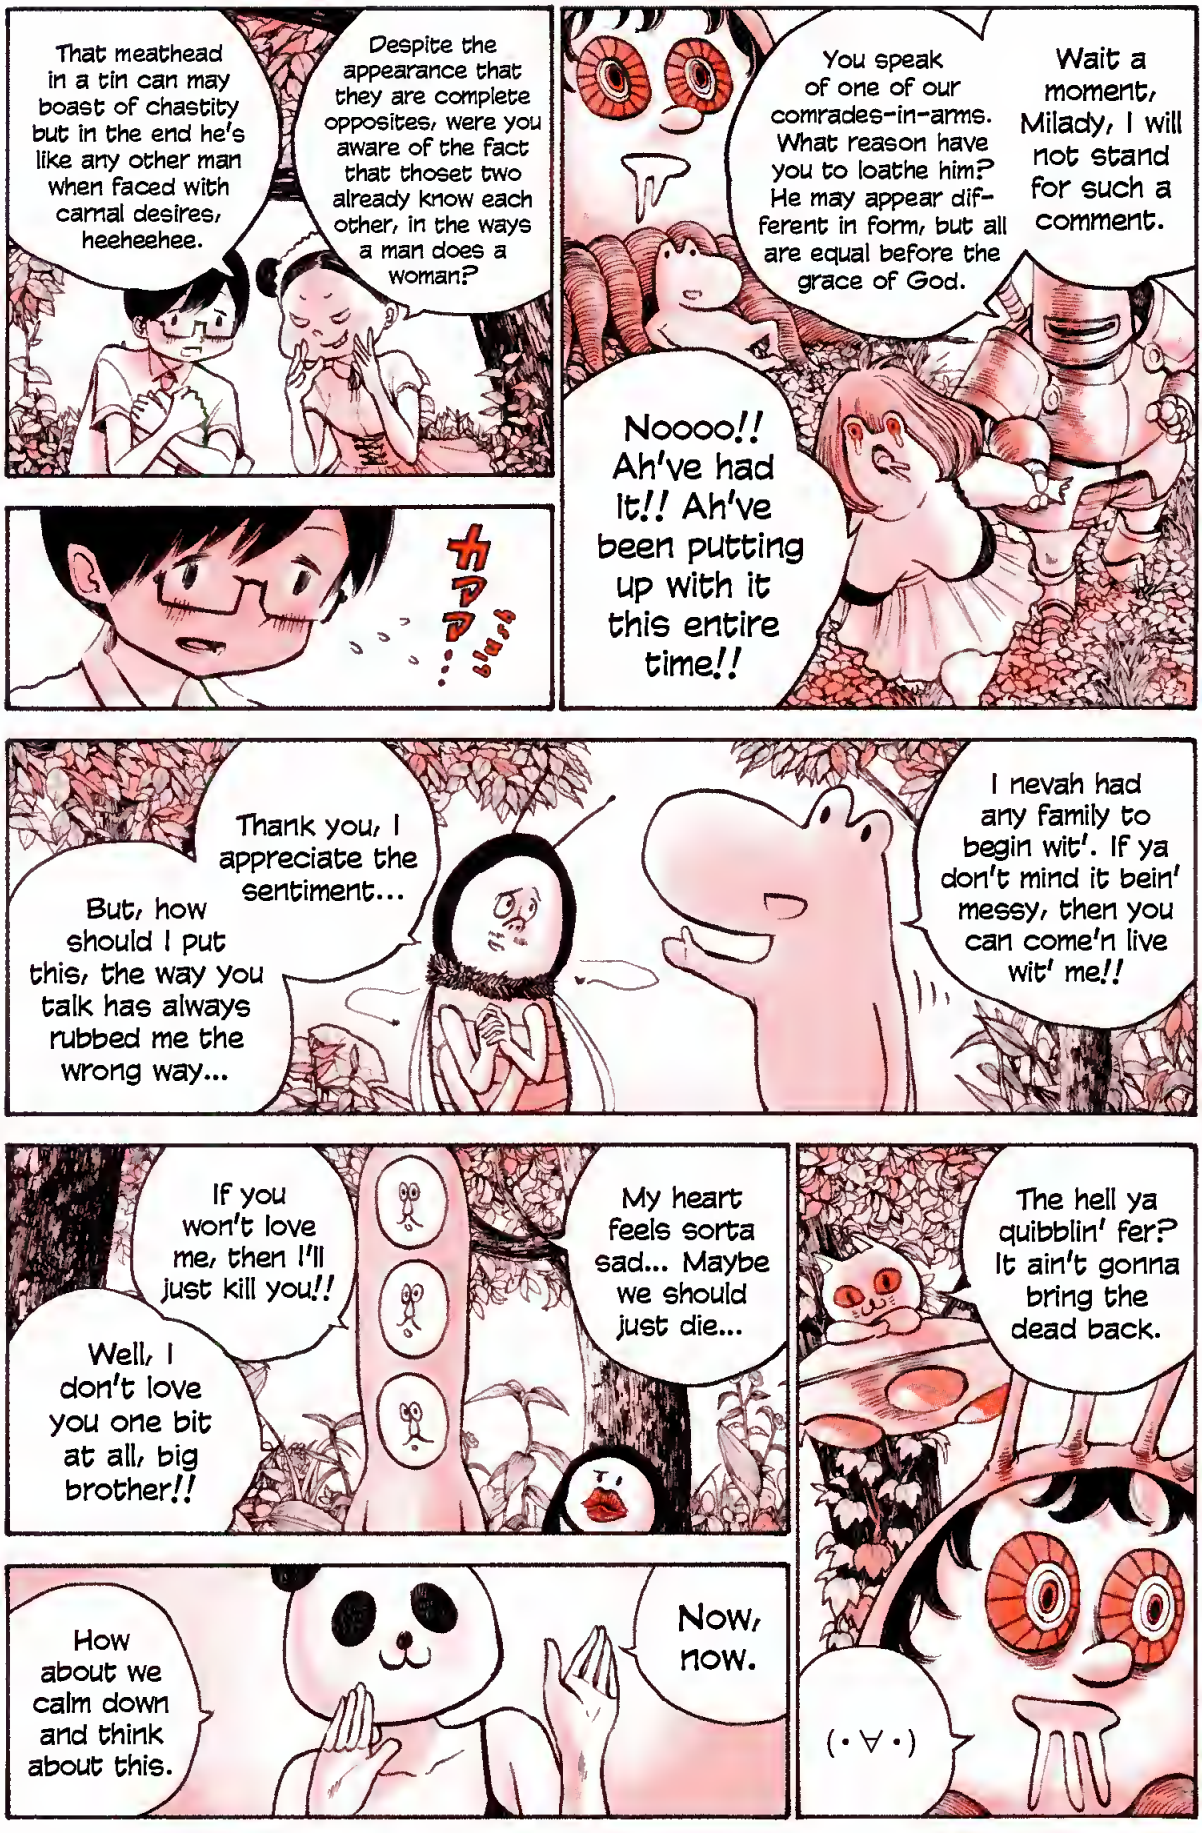
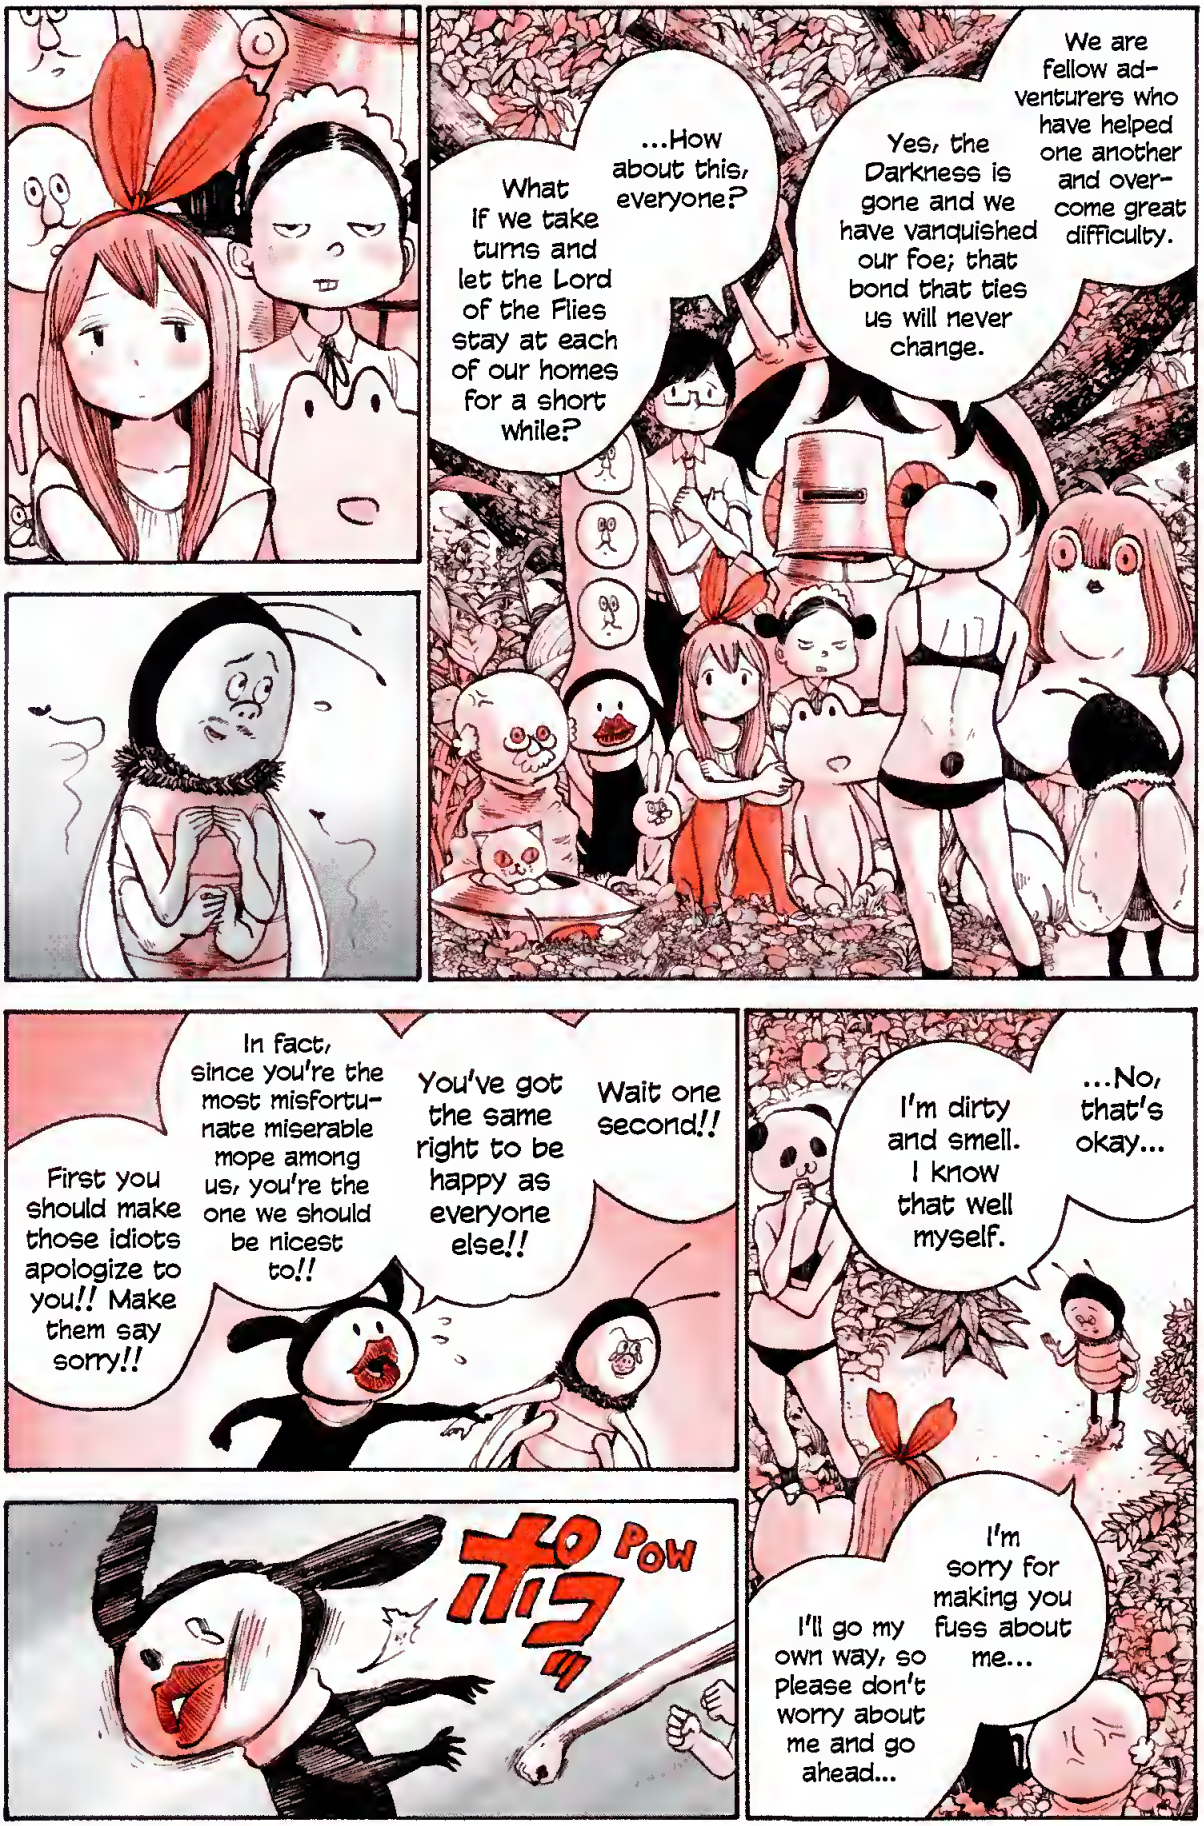
Uhm...
Er...



...Huh?
Back home.
Where are we going back to...?
You're talking about going home when we've got people with no home to even go back to? Isn't that a bit thoughtless of you?
The Lord of the Flies lost his wife, children, and everything else when the Darkness razed his hometown.
You know, this has been bothering me for a bit now, but...
Uh, excuse me, Dreamily!!
What do you say, will you let the Lord of the Flies live there temporarily?
Dear Princess, your mansion is large and spacious.
I figured we'd talk over what we'd be doing from here on out again after we got out of this forest of miasma...
But, but... I only really said that as a way to wrap things up here...
Ah've always, ALWAYS hated hated HATE bugs!!
No! Ah don't wanna!! Ah hate bugs!!
But his feelings have been hurt. Where is your apology for that?



That meathead in a tin can may boast of chastity but in the end he's like any other man when faced with carnal desires, heeheehee.
Despite the appearance that they are complete opposites, were you aware of the fact that thoset two already know each other, in the ways a man does a woman?
カァァ!!
You speak of one of our comrades-in-arms. What reason have you to loathe him? He may appear different in form, but all are equal before the grace of God.
Wait a moment, Milady, I will not stand for such a comment.
Noooo!! Ah've had it!! Ah've been putting up with it this entire time!!
Thank you, I appreciate the sentiment...
But, how should I put this, the way you talk has always rubbed me the wrong way...
I nevah had any family to begin wit'. If ya don't mind it bein' messy, then you can come'n live wit' me!!
If you won't love me, then I'll just kill you!!
Well, I don't love you one bit at all, big brother!!
My heart feels sorta sad... Maybe we should just die...
The hell ya quibblin' fer? It ain't gonna bring the dead back.
(・∀・)
How about we calm down and think about this.
Now, now.



We are fellow adventurers who have helped one another and overcome great difficulty.
Yes, the Darkness is gone and we have vanquished our foe; that bond that ties us will never change.
...How about this, everyone?
What if we take turns and let the Lord of the Flies stay at each of our homes for a short while?
...No, that's okay...
I'm dirty and smell. I know that well myself.
I'm sorry for making you fuss about me...
I'll go my own way, so please don't worry about me and go ahead...
Wait one second!!
You've got the same right to be happy as everyone else!!
In fact, since you're the most misfortunate miserable mope among us, you're the one we should be nicest to!!
First you should make those idiots apologize to you!! Make them say sorry!!

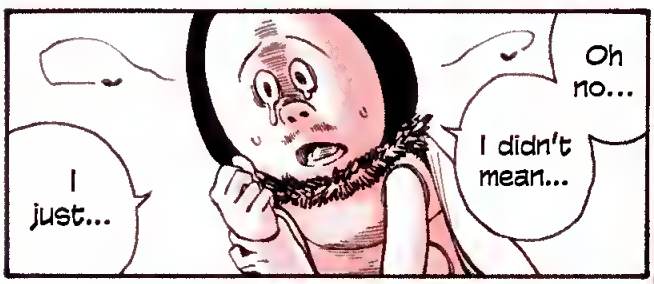
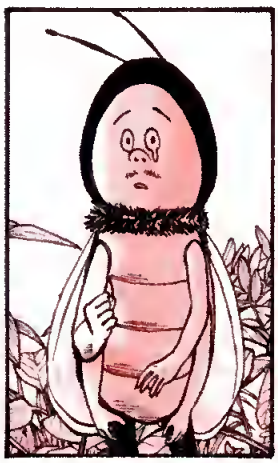
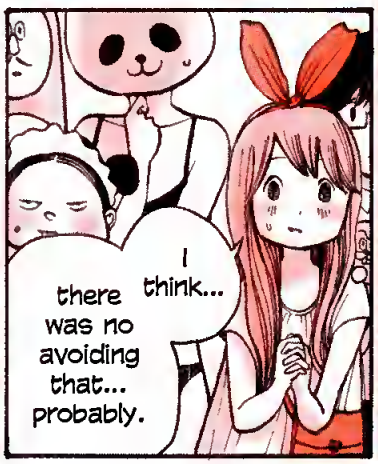
Ah...

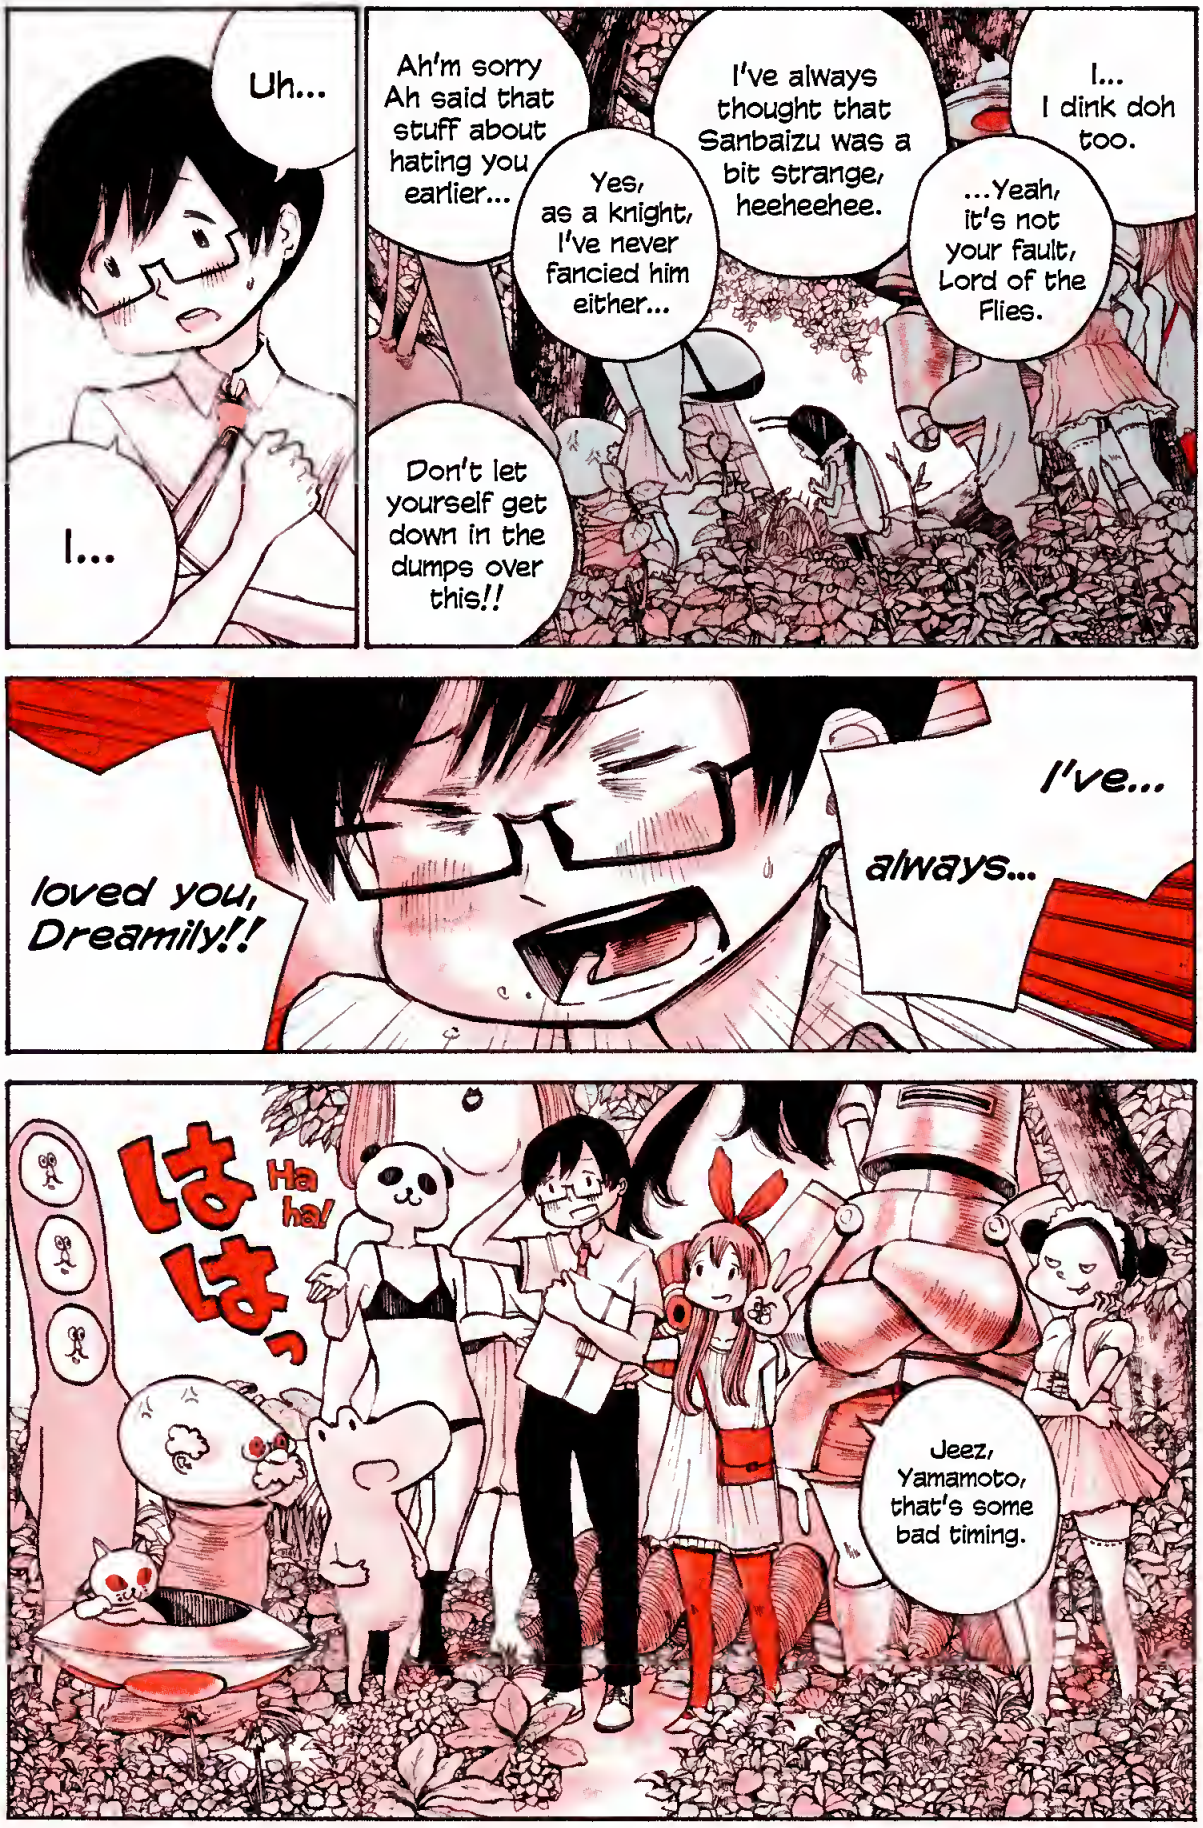


I just...
Oh no...
I didn't mean...





there was no avoiding that... probably.
I think...



Uh...
I...
Ah'm sorry Ah said that stuff about hating you earlier...
Yes, as a knight, I've never fancied him either...
I've always thought that Sanbaizu was a bit strange, heeheehee.
I... I dink doh too.
...Yeah, it's not your fault, Lord of the Flies.
Don't let yourself get down in the dumps over this!!
I've... always...
loved you, Dreamily!!

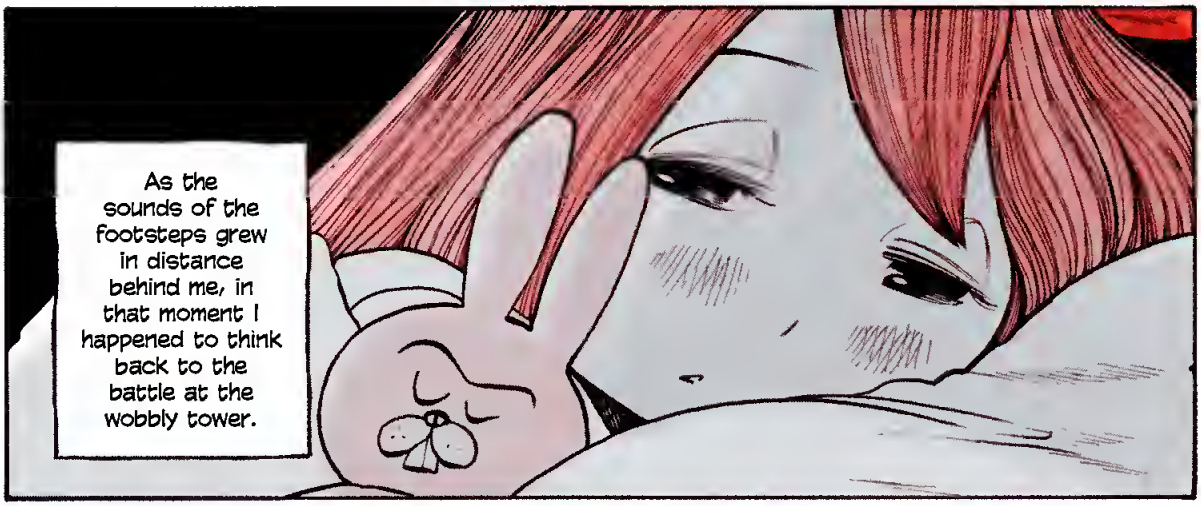
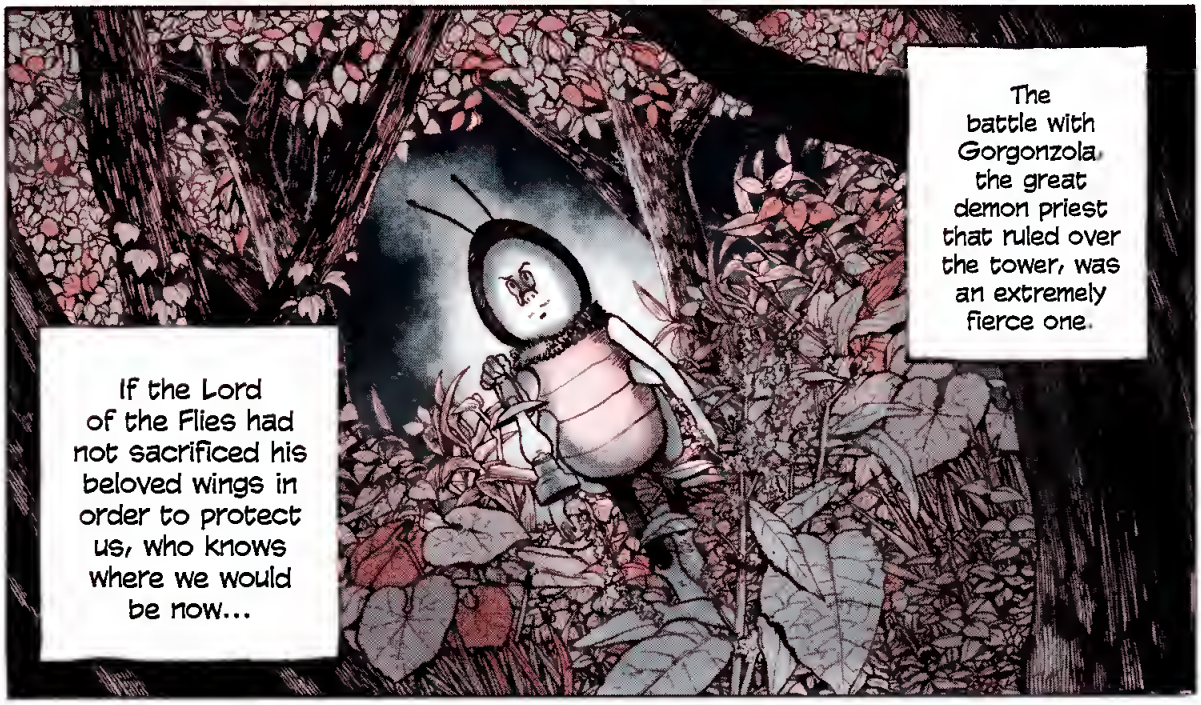
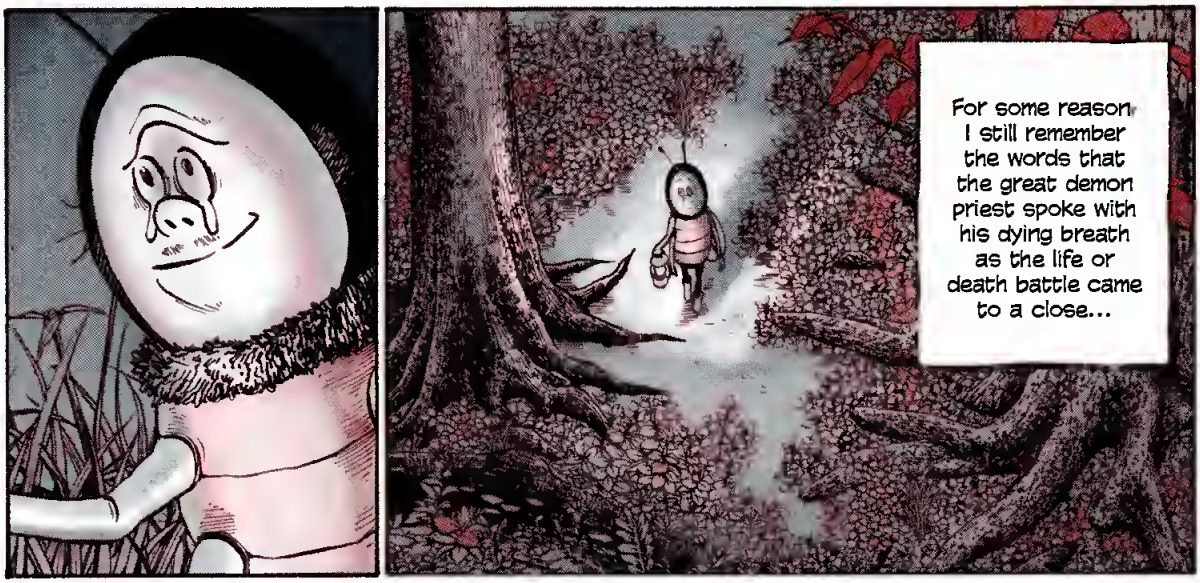
Where are you going, Lord of the Flies...?



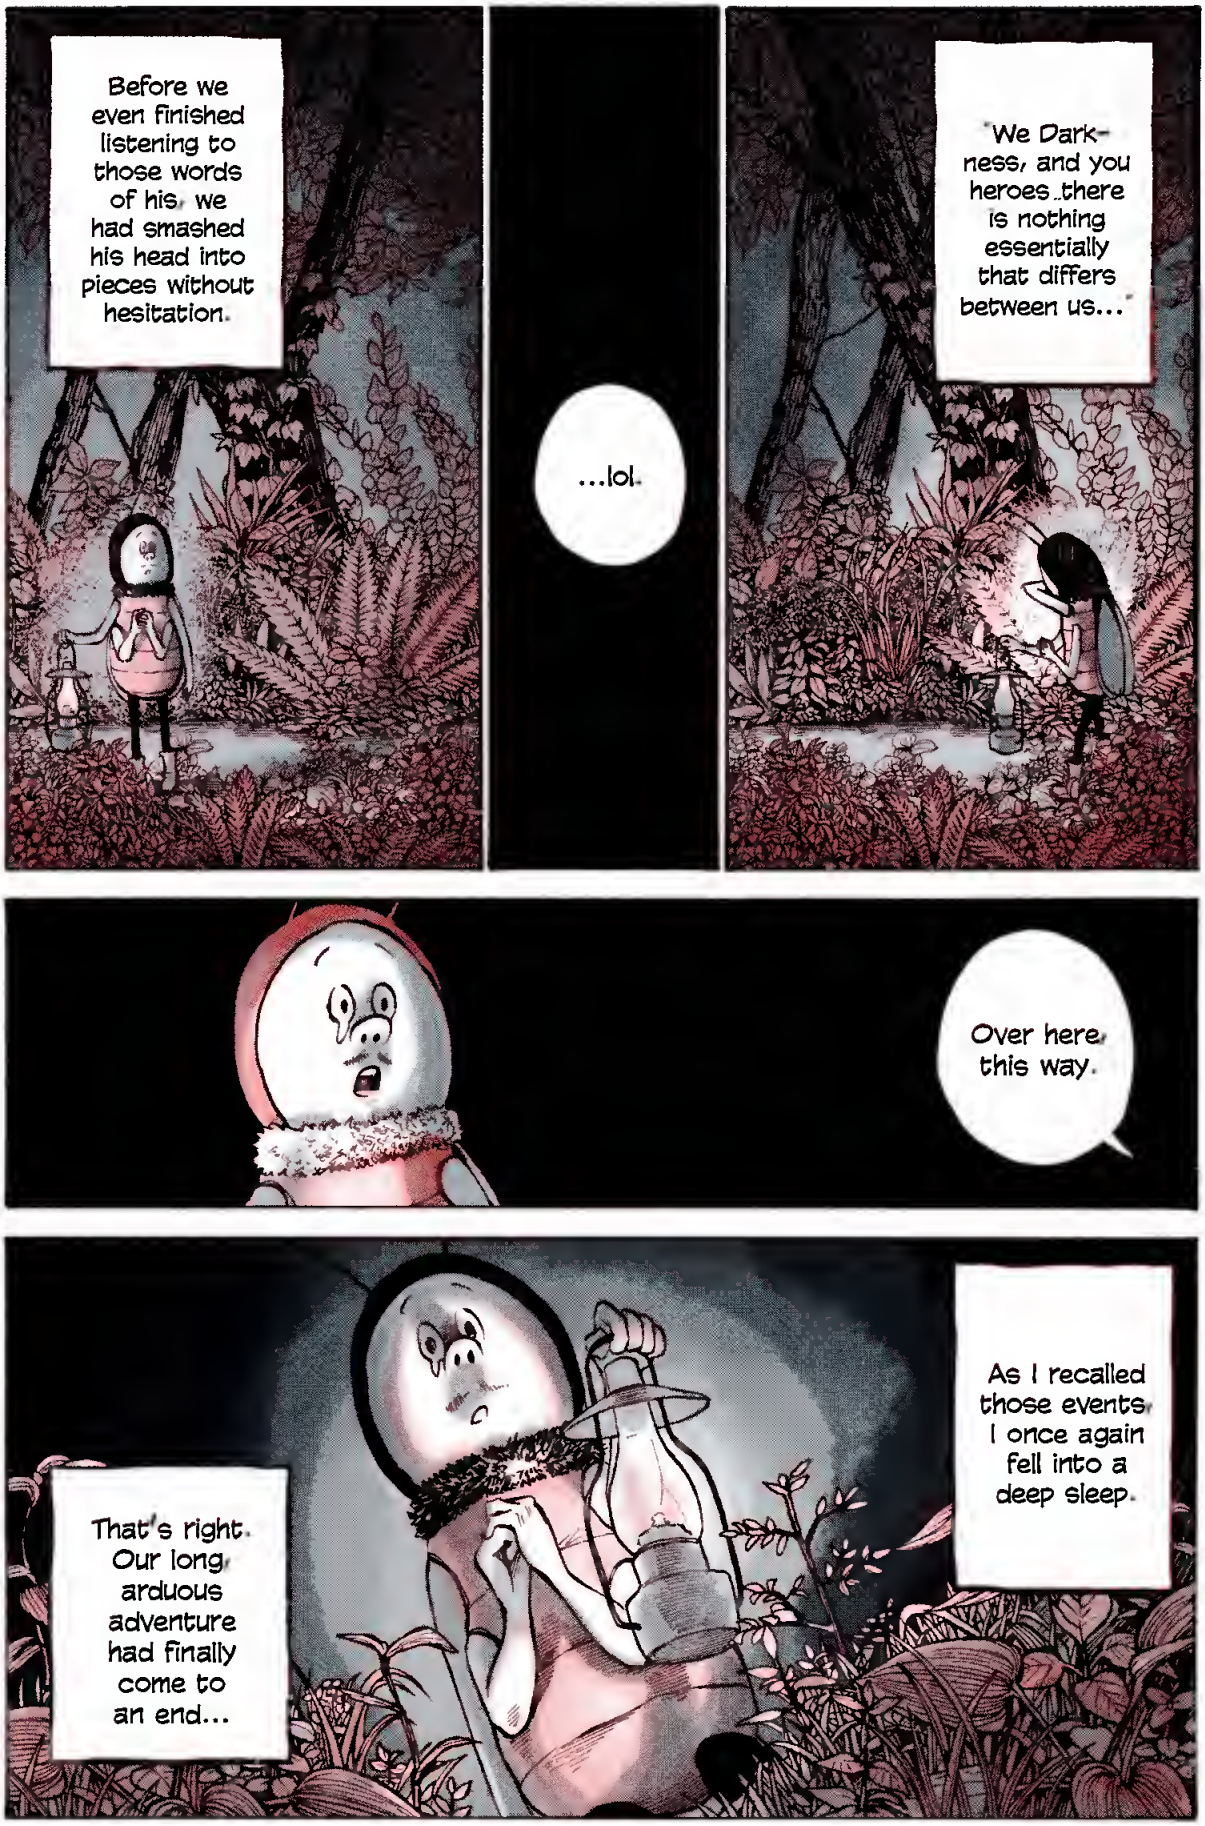
As the sounds of the footsteps grew in distance behind me, in that moment I happened to think back to the battle at the wobbly tower.



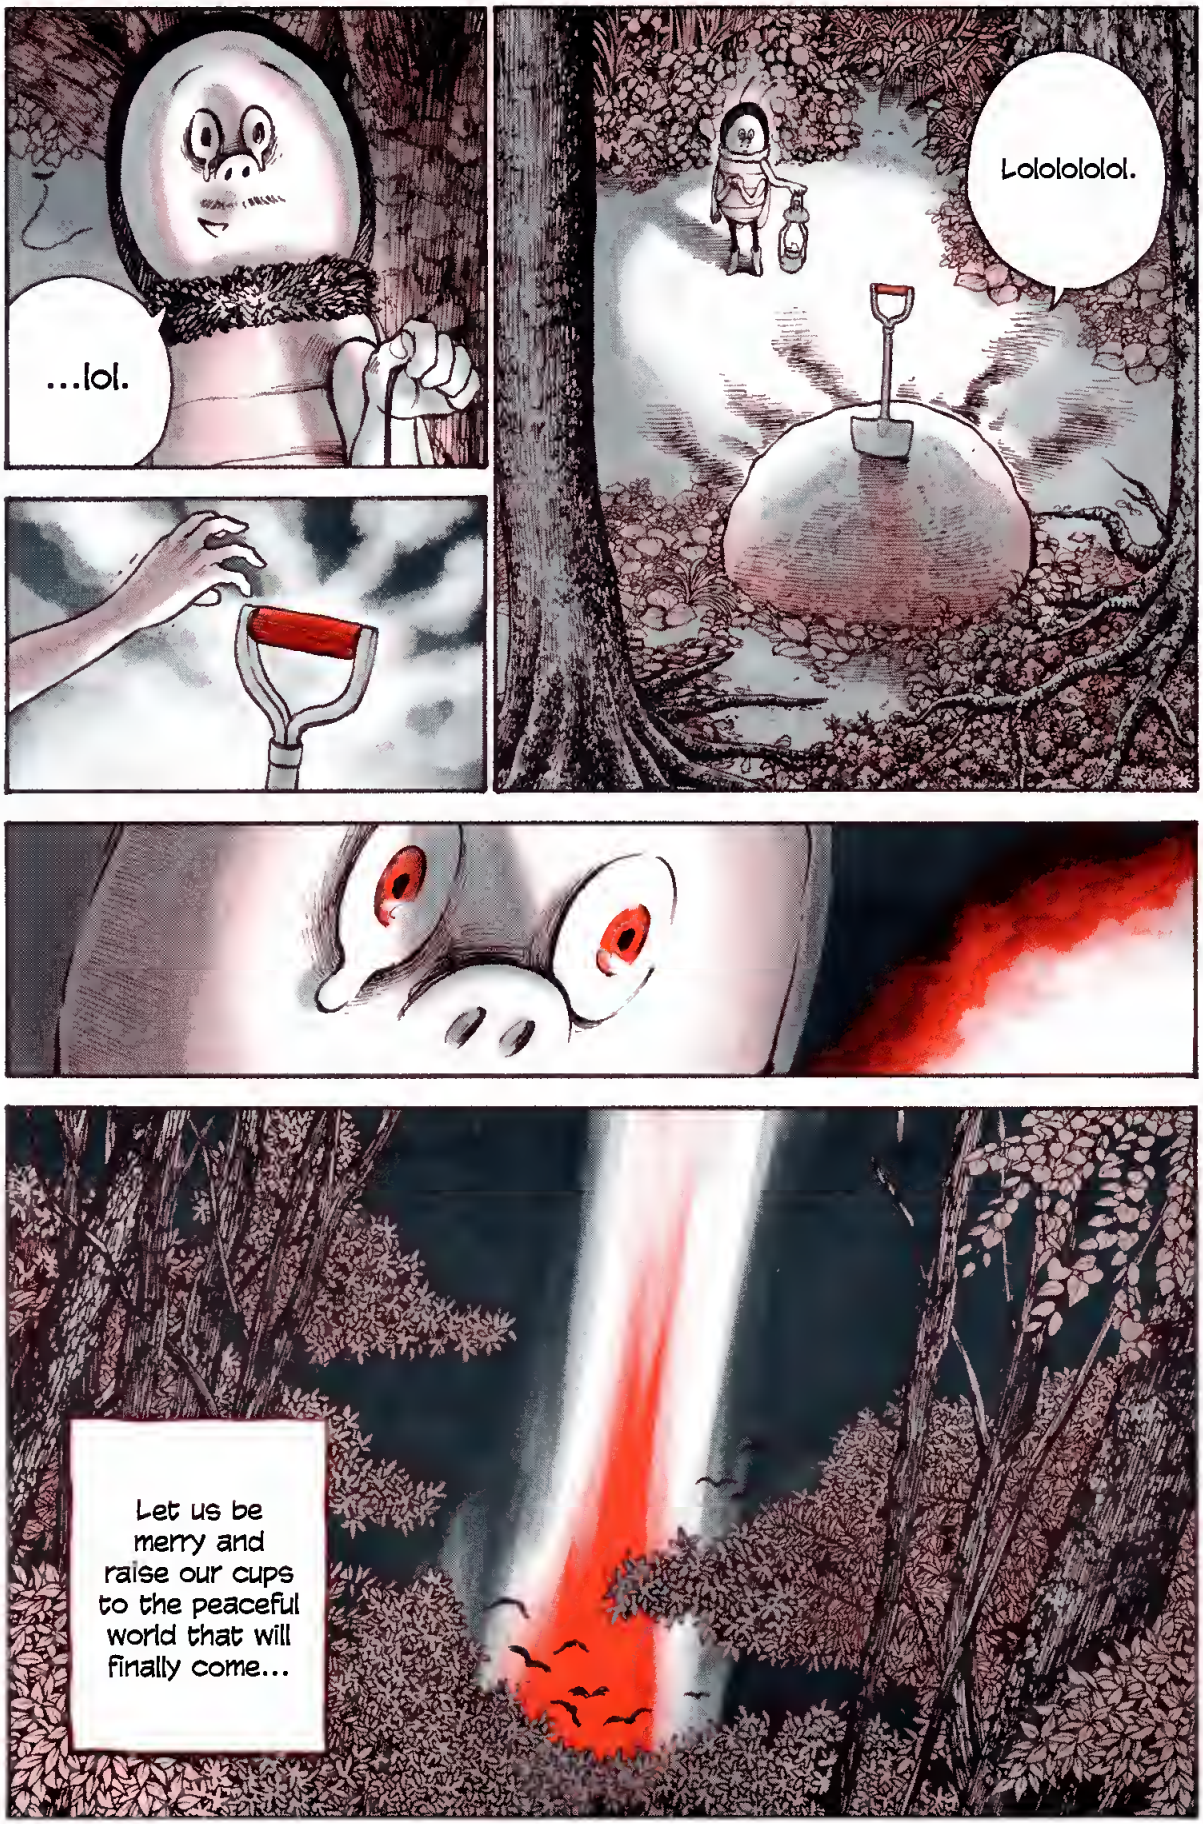
The battle with Gorgonzola, the great demon priest that ruled over the tower, was an extremely fierce one.
If the Lord of the Flies had not sacrificed his beloved wings in order to protect us, who knows where we would be now...



For some reason, I still remember the words that the great demon priest spoke with his dying breath as the life or death battle came to a close...



Before we even finished listening to those words of his, we had smashed his head into pieces without hesitation.
...lol.
"We Darkness, and you heroes...there is nothing essentially that differs between us..."
Over here, this way.
That's right. Our long, arduous adventure had finally come to an end...
As I recalled those events, I once again fell into a deep sleep.



...lol.
Lolololololol.
Let us be merry and raise our cups to the peaceful world that will finally come...
